WIGWAM MOTEL #6

Unit 7

Holbrook, Ariz.

Route 66

Holbrook, Ariz.

- We stopped again at Wigwam - we asked after milling around in the gift shop / lobby for about 10 mins.
- I asked if they had three rooms, she said she would check.
- Sure enough they had three - amazing. When we called two weeks back, they were booked solid. Just today a group of bikers had cancelled earlier, but it had not been recorded. The clerk found out today that the bikers would not be coming.

We were thrilled, she was thrilled. So here we are, playing a game - Grand Canyon Adventure! - in a Wigwam.

- Wayside Cafe'
Mexican & American Food.
- Kimberly ordered a Navajo Taco - several of us took a cue from her and ordered the same - fry bread, beef, beans, green chilies, lettuce, cheese - very good.
- Talking with the owner was even better than the food. She and her daughter were great

Day 6 - Morning in a Wigwam

- Last night was great
- We played a game together - Mom, Kimberly, Jonathan, Mitchell, Ethan and me.
- Great night's sleep in the Wigwam Motel
- Today we have over 300 miles to travel today Holbrook, Ariz. to Tulumcari N.M. - We stay in the Motel Safari
- Breakfast at Joe & Aggie's Cafe' Great Place to Eat
- The old timers were sitting in a booth near us talking about gas prices

Lunch at The 66 Diner in Albuquerque, NM

- Lives and Onions and Boylan Root Beer

Sights seen but not stopped at May 29

- Twin Arrows, Ariz.
 - abandoned Trading Post
- Two Guns, Ariz.
 - abandoned Zoo, Travel Center, Curio Shop.
- Jack Rabbit Trading Post in Arizona
- Meteor City Trading Post

Sights seen but not stopped at May 30

- Laguna Village, NM
- Old Motels in Holbrook, Ariz

We fueled at Exit 89
in New Mexico - Near
the Lava flow area
where there are miles
of old lava rocks

- After lunch in the diner
we stopped at a
Walmart near the
University of New Mexico

- The Van started acting
up at idle speeds.
- It sounds like bad
gas. Very rough
idle.

- We finally made it
to Tucumcari, NM

- Staying at the Motel
Safari.

Motel Safari is great
Great beds, retro
chic room decor.

- The furniture is
original, except for
the beds. They have a
retro style radio (Crosley)
and phone.

The Motel was built in
1959 and opened in 1960.

It was opened as the
Best Western Motel Safari.

The motel has only had
four owners since opening.

The current owners
bought the place in 2007
and did a wonderful
renovation.

Day 8 or should we
say Day 11 -

Day 8 since we left
Oklahoma for the Grand
Canyon - Day 11 since
we left New Orleans
to go to Oklahoma
via Mississippi

- Van problems seem to
have worsened - We
stopped at Peters
Chrysler/Jeep to get
the Van checked out

- We left Mom's at 4:30am
and were looking to make
NOLA by 3:00pm - It's
9:00am now - we won't
make it until late-thirty.

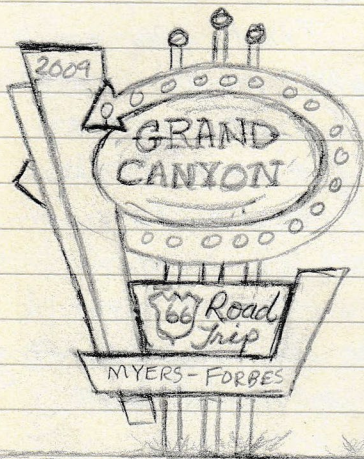

Well, it's bad news
on the van. First, they
thought it was a bad
injector or a computer
problem. That seemed like
a quick fix, but on further
review, it was not an
injector. It is a broken
valve. A day and a half
repair job.

We are currently waiting
on an estimate for
repair.

\$1,000 at least - ouch!

Now the wait is on. When
will it be fixed?

GRAND CANYON
Route 66 Road Trip

Great Trip
- I want to go back to the
Grand Canyon. - I'd like
to water color field paint
in the canyon
